

## **Eco Friendly Green Products For All Your Cleaning Needs**

If you do have pets or kids, our green eco friendly carpet cleaning products are perfect because there will not be any toxic chemical residue from our process. You will have fresher, healthier carpets for you and your loved ones.

Are you chemically sensitive? Of course you want the cleanest home, but you don't want any added chemicals. We use plant based eco products so you have a fresh clean, without any residual chemicals.

We use eco friendly green products for all of our cleaning services including carpet cleaning, hardwood floor cleaning, tile and grout cleaning, mattress cleaning and upholstery- fabric cleaning.

Do eco friendly products work as well? Yes, there has been much research lately to create the highest quality plant based cleaning products for your home. Not only do they neutralize allergens, but they will be a tough stain and odor eliminator for all your carpets, fabrics and furniture. Our high quality process also offers a quick dry end result. This helps you get back to life as normal in your home with the carpets clean and dry.

Our professional carpet cleaning service is unparalleled because we are prompt to respond and on time. Additionally, we offer a free estimate for any job. See the "About Mike" tab for more info on Mike and Flatirons Carpet.
