

Boulder Professional Upholstery and Fabric Cleaning Service

We are professional upholstery and fabric cleaners in Boulder, CO. We, at Flatiron Carpets, are proud to use Green, Eco friendly products.

Upholstery and fabrics can look aged and dull with normal wear. With a professional clean, they can look bright, clean and almost new again. Did you get a beautiful sofa or chair from Grandma and want to restore it to looking great? We can help!

We'll revive the thrift store couch that was a great deal and had perfect fabric, but needs a little freshening. In addition to cleaning upholstery and fabrics, our professional steam cleaning service also removes odors that can be trapped into the fabric.

We know health is a top priority to you and your family, so we use only eco friendly, green cleaning products for your tile floors. We also offer carpet, rug and hardwood floor cleaning, in addition to tile floors, so we can clean the floors of your whole house.

In Boulder, CO we love our pets. Our pets sometimes have accidents, and so we are experts in pet stain and odor removal for all your upholstery, fabrics, floors and carpets. Keep the pets, lose the odors.

We offer the highest level of professional service. Phone calls and emails are returned promptly, generally same day, and we will arrive on time and within the estimated cost. We are proud to offer free estimates, so don't hesitate to call to see how we can help you today.

If you want to know more about our expert floor cleaner, check out the "About Mike" page for more information on Mike Finnesy.
